EDUCATION

SSC

Ahilyadevi High School for
Girls, Pune, India
June 2021 (89.60%)

Diploma in Computer Engineering

Government Polytechnic Pune
(First Class with Distinction)

Degree in Computer Engineering

Savitribai Phule Pune
University (Pursuing)

SKILLS

- Enthusiastic
- Ambitious
- Diligent
- Analytical Thinker

LANGUAGES KNOWN:

English, Marathi, Hindi

TOP SKILLS

- Html , Css , Js
- Python
- Data Structures
- C , C++
- Core and Advance Java
- swing framework
- heidisql, sql
- DBMS

Summary

A Dedicated Programmer with a passion for creating innovative solutions through code and A Highly-motivated person with desire to take on new challenges. Looking to leverage my knowledge and experience into a role as Programmer.

Experience :

➤ Globeminds Technologies Intern (June 2023 – July 2023) Pune, Maharashtra

- Gained hands-on experience in Core and Advanced Java through project-based problem-solving, focusing on breaking down complex tasks into efficient, scalable solutions.
- Led a team of interns, enhancing collaboration, communication, and leadership skills in a real-world development environment.

Projects:

1) Hotel Management system

Jun 2023 - Jul 2023

Associated with Globeminds Technologies
Associated with Globeminds Technologies.

Developed a Hotel Management System with features like room booking, guest management, check-in/check-out, and billing to streamline hotel operations and improve guest experience.

Tech Stack: Advance java · Core Java · Java Swing · heidisql · Database Management System (DBMS)

2) Land Registry System using blockchain

A decentralized application (DApp) powered by Blockchain technology. This system leverages blockchain's core features like immutability and decentralization to securely maintain land ownership records and streamline the transfer process.

Tech Stack: Html · Solidity · Nodejs · Truffle · Ganache

3) Algominer

AlgoMiner is a versatile data mining application designed to simplify and implement a range of powerful machine learning algorithms, including:

*K-Nearest Neighbors (KNN) *K-Means Clustering *Decision Tree
*Random Forest *Support Vector Machines (SVM)

Tech Stack: Python · Pandas · NumPy · Scikit-learn · Matplotlib · Tkinter (Fully interactive GUI).

Certifications:

- Certifications Certificate of Demistifying Cyber Risk Session by CyberFrat
- Course Completion Certificate - Chatgpt for Everyone
- AWS Cloud Practitioner Essentials
- AWS Educate Introduction to Cloud 101
- AWS Educate Machine Learning Foundations
- Is It The End of Python? DEBUNKING MYTHS AND EXPLORING THE FUTURE OF PYTHON PROGRAMMING Bootcamp
- Data visualization with power bi
- LFC108: Cybersecurity Essentials
- Course Completion Certificate –Python by GUVI

Hobbies:

- Drawing
- Canvas painting
